This (R DACT D) (generated from (R DACT D) 5.1.4.2) demonstrates some text that can be redacted.

Here are some fake (R DACT D)s

522-30-0388 *002-30-2375* 417-09-1520 473-58-0972

And some more with common OCR character substitutions:

256–O8-8733 494–I9-32l6 221—64-0923 5o7-22~3536 298-66-687i

Here's an XX character in both fonts so that substitution works.
